## THE CORE VALUES OF THE COLLEGE

### Vision

As our college is situated in a tribal, backward and semi-urban area, our vision is to make students to understand socio-economic and cultural problems of these peoples in the area. We pursue excellence in higher education by promoting personality and character building of students. As the real aim of the education is to understand the society and day to day social problem, so our vision is to achieve and inculcate among the students the real aim of the education. By creating a learning environment, our vision is to promote the quality of teaching learning and research. So our vision is to move the college, a world class college by collaborating with other stakeholders of higher education for quality and excellence.

### Mission

Our mission is to inculcate moral values among students, so that they can excel in the service of nation. By obtaining value based education, they can lead a value based life. As India is a multilingual, cultural country, we install tolerance among students to all religions and cultures. In the present globalized world, we want to create a competition mind among students by interacting freely with teachers and pursue and enhance knowledge freely. We intend to create and stimulate academic environment for the promotion of teaching and learning, and research which is conducive to pursue higher education. We ensure skill development, with a mission to stand with the globalized world. We want to create new innovation among the students in teaching methods, by include new developments in education and into curriculum for promoting academic advancement, which will thereafter lead national development. Our mission is to make the students eco-friendly and sensitive to gender equality and to respect human dignity.
